

CHARGEPOINT COMMERCIAL WARRANTY

1. General

1.1 Description of Commercial Warranty. This Commercial Warranty (“**Warranty**”) provides limited warranty coverage to purchasers (“**you**” and “**your**”) of the various ChargePoint-covered hardware types described in this Warranty (“**Hardware**”). Warranty is offered by the applicable ChargePoint entity or entities referenced under “Entities” section below and is valid for US and Canada only. The Warranty does not apply to ChargePoint’s Home Flex products or any of its successors.

1.2 Warranty Types. ChargePoint offers two types of coverage of Warranty: Standard Warranty and Extended Warranty. The Standard Warranty is included with your purchase of Hardware from ChargePoint or via a ChargePoint distributor/reseller. Extended Warranty is an optional warranty coverage that is available to you to purchase in addition to Standard Warranty. Extended Warranty provides additional years, beyond the warranty period of Standard Warranty, of coverage for your applicable Hardware.

1.3 Warranty Transfer. If you sell or divest yourself of the applicable Hardware and wish to transfer or otherwise assign in any manner the corresponding Warranty to a third party, then you must provide 60 days prior written notice to ChargePoint of such sale or divestiture of Hardware. Failure to provide such prior notice will void the applicable Warranty for any successor third party.

1.4 Applicability of Support Services Terms and Conditions. If your Hardware is covered by a then-active support service provided by ChargePoint (“**Support Service**”) (e.g., Assure and Assure Pro), then the applicable Support Service’s terms and conditions will govern. For more detail on the available Support Services please visit www.chargepoint.com/legal/support-services.

1.5 Relocation of Hardware. Any relocation of Hardware from its original installation location (including, without limitation, in connection with any approved transfer pursuant to Section 1.3) will require (a) re-Activation; and (b) re-Commissioning if Hardware is a DC charging station. For more detail on Activation and Commissioning services please visit www.chargepoint.com/legal/deployment-consulting-services.

2. Extended Warranty

2.1 Payment. Payment for Extended Warranty is due within thirty (30) days of the invoice date of your purchase of such warranty. All payment obligations are non-cancelable and non-refundable. Late payment shall be subject to a charge equal to the lesser of (i) one and one-half percent (1.5%) per month or (ii) the maximum rate allowed by the applicable jurisdiction. You will reimburse ChargePoint for attorneys’ fees and other expenses reasonably incurred by ChargePoint in the collection of any late payments. If any amount is more than thirty (30) days overdue, ChargePoint may (a) terminate the applicable Extended Warranty or (b) withhold coverage for Extended Warranty until ChargePoint has received payment in full. All payments shall be made in U.S. Dollars (or if you are based out of Canada, Canadian dollars) and may be made by wire transfer, ACH payment system or other means approved by ChargePoint. You may not offset any amounts due to ChargePoint hereunder against amounts due to you under this Warranty and/or Support Service(s). Fees payable to ChargePoint do not include any taxes, and you are responsible for all such taxes.

2.2 Purchase after Activation. If you wish to purchase Extended Warranty for Hardware for which the Standard Warranty has been expired for at least six months at the time of the aforementioned purchase, then as a prerequisite for the purchase of Extended Warranty for the applicable Hardware you must purchase from and authorize ChargePoint to conduct a safety inspection of the applicable Hardware. The safety inspection will allow ChargePoint to determine whether such Hardware has any outstanding issues that are covered by any of following exclusions, as described in Section 3.7 herein, to the Warranty terms and conditions: subsections a, d, e, f, g, h, and k. For the avoidance of doubt, (a) if any outstanding issues of the applicable Hardware are covered by any of the exclusions, then you will not be able to purchase Extended Warranty for such Hardware; and (b) your purchase of Extended Warranty for any Hardware is subject to ChargePoint's sole and reasonable discretion.

2.3 Maximum Warranty Term. ChargePoint will not sell or make available Extended Warranty beyond the useful life of the applicable Hardware, i.e., 10 years after its initial activation. ChargePoint, in its sole discretion, may amend from time to time the time duration determination of the useful life of any Hardware.

3. Coverage of Warranty

3.1 Covered Hardware. Only Hardware purchased from ChargePoint or an authorized ChargePoint distributor or reseller may receive coverage for Standard Warranty. For Extended Warranty, please refer to the Extended Warranty SKU that you purchased to verify that the applicable Hardware is covered by the applicable Extended Warranty.

3.2 Active Cloud Subscription Required. You must maintain an active Cloud subscription from ChargePoint to receive coverage of Warranty.

3.3 Replacement Parts. Replacement of defective component(s) of your Hardware ("**Replacement Parts**") may be covered by this Warranty. You acknowledge and agree Replacement Parts may be remanufactured or reconditioned: (a) hardware components of Hardware; or (b) Hardware itself if Replacement Parts for such Hardware are no longer manufactured or available to ChargePoint; provided that ChargePoint will use reasonable efforts to provide a replacement of the applicable Hardware that provides substantially similar functionality as such Hardware. Any Replacement Parts provided to you in connection with this Warranty will become your property and all parts and/or Hardware returned by you or your authorized representative to ChargePoint will become the property of ChargePoint. Any Replacement Parts covered by this Warranty will be covered by the remaining time duration of this Warranty. Any Replacement Parts provided to you when your applicable Hardware is no longer covered by this Warranty, i.e. Out-of-Warranty Replacement Parts Warranty Coverage, will be covered as described in Section 3.6.

3.4 Your Responsibilities. In connection with coverage of Warranty, you agree to: (a) maintain the physical site in which Hardware is located in accordance with all applicable laws, regulations and rules; (b) maintain the hardware in accordance with the applicable documentation including preventive maintenance, and any required firmware updates, and internet connectivity; and (c) keep the physical site in which Hardware is located in a clean, safe and orderly condition, to at least the same standard as you customarily use to maintain your other sites and/or premises

3.5 Installation Quality. Unless ChargePoint installed your Hardware, you (as between you and ChargePoint) are responsible for ensuring such Hardware is installed in accordance with the Hardware's specifications, including, without limitation, any site preparation, installation, and/or

commissioning guides, as described in ChargePoint's Installation, Commissioning and Activation Scope and Terms located at www.chargepoint.com/legal/deployment-consulting-services. ChargePoint reserves the right to perform a site and/or Hardware installation audit to assess the quality and may suspend coverage of Warranty until identified installation defect(s) have been remedied to ChargePoint's sole and reasonable discretion.

4. On-Site Resolution. ChargePoint Support will ship you the Replacement Part at the shipping address provided by you in connection with this claim process. If you purchased ChargePoint-certified repair labor, then ChargePoint Support will dispatch a ChargePoint-designated support partner to undertake such repair.

Some states or jurisdictions do not allow the exclusion of express or implied warranties or limitations on how long an implied warranty lasts, so the above limitation may not apply to you.

5. Limitation of Liability.
